

SHANMUKH SANKAR AKKALA

Visakhapatnam, Andhra Pradesh

✉ shanmukhakkala2004@gmail.com | 📞 +91-9390678158 | 🔗 LinkedIn | 🐙 GitHub

Professional Summary

Final-year B.Tech Computer Science student (CGPA: 8.07/10) with strong foundation in Java, Data Structures, and full-stack development. Experienced in building end-to-end web applications and AI-driven systems. Currently expanding expertise in React JS and RESTful API development to build scalable and responsive applications.

Education

Andhra University College of Engineering

2022 – 2026

B.Tech in Computer Science and Engineering – CGPA: 8.07/10

Visakhapatnam, India

Technical Skills

Languages: Java (OOP, Collections, Basics), C, C++, Python

Frontend: HTML, CSS, JavaScript, React JS

Backend: Flask, REST APIs (Basics)

Database: SQL, SQLite

Tools: Git, GitHub

Libraries: TensorFlow, OpenCV, Pandas, NumPy, Scikit-learn

Core Concepts: DSA, OOP, DBMS, OS

Internship Experience

Infosys Springboard

Sep 2025 – Nov 2025

AI/ML Intern

Remote

- Developed **AI MoodMate**, an emotion detection and recommendation system using CNN and integrated it with a Flask-based backend.
- Designed REST-style endpoints to serve predictions and implemented real-time UI interaction.

Agnirva Software

Jun 2025 – Jul 2025

Web Developer Intern

Remote

- Built **PixelTalk**, a full-stack web application with authentication and dynamic content rendering.
- Structured backend logic and API routes, ensuring smooth frontend-backend communication.

Projects

AI MoodMate – Emotion Detection & Recommendation System

Python, Flask, TensorFlow, OpenCV

- Implemented CNN-based facial emotion recognition model trained on FER-2013 dataset.
- Developed backend APIs and connected them with frontend interface for real-time predictions.
- Live Demo: [Project Link](#)

PixelTalk – Social Media Clone

Flask, SQLite, HTML/CSS/JS

- Created a responsive web application with user login, post creation, and profile management.
- Managed session handling, database interactions, and dynamic UI rendering.
- GitHub: [Repository Link](#)

Certifications

- Artificial Intelligence Course – Infosys Springboard
- Python Programming – Reliance Foundation
- Deloitte Data Analytics Virtual Internship – Forage
